ACCREDITED
BUSINESS

We are excited to introduce our new Log Pattern cladding system, designed to offer an exceptional combination of aesthetic appeal and superior performance. We believe this innovative solution will be a perfect fit for clients looking to enhance the visual impact and durability of their projects.

This system incorporates advanced materials, unique design, and enhanced insulation properties to deliver a product that is both visually striking and highly functional. We are confident it will meet and exceed the expectations of those seeking the best in modern cladding solutions.

* R6.6+ Insulation * Fire Resistance * Wind Resistance up to 210 KPM
* Impact Resistance * Sound Suppression * Certified Manufacturing Facility
